Good Afternoon UCVTS Community,

This week, February 1st thru February 5th, is designated as National School Counseling Week. As the week draws to a close, I would like to take the opportunity to thank each one of our UCVTS school counselors and social workers for the work they do supporting our students, every day.

As our communities struggle with many long-term challenges and the impact of a pandemic, including the loss of personal connections with friends, family members and loved ones, our counselors have been steadfast in creating a safe space for students to go for support. Their work with our students is always foundational to the function of our schools and their work this past year has provided strength to our community in many quiet, yet heroic ways. Please join me in acknowledging our school counselors and social workers. I invite you to share a special thank you, a fond memory, or an impactful story to a UCVTS counselor via email (provided below).
